Addendum dated \_\_\_\_\_\_ to Contract of Sale (the "Contract") dated

Buyer(s):
Seller(s): The Estate of Anne E. Bundy
Property: 1304 Monkton Road, Monkton, MD 21111
1. LEGAL REQUIREMENT: A Contract for the sale of real property is required to be in writing to be enforceable under the laws of the State of Maryland. Once signed by the parties, the Contract becomes a legally binding agreement. The original terms of the Contract can only be altered thereafter with the agreement of the parties expressed in writing. All parties have the right to be represented by an attorney and are encouraged to seek competent advice if they do not understand any term(s) of the Contract. The broker/agent is required to promptly submit all written Contract offers to the Seller.
2. INTENDED USE: The use of a particular property may be limited or restricted as a result of zoning laws, local ordinances and/or restrictive covenants applicable to the property. The Contract of Sale form provided by the broker/agent is designed and intended for use only in the purchase and sale of single-family residences or unimproved residential property. If Buyer intends to use a property for any other purpose, the standard Contract of Sale form may not adequately serve to protect Buyer's interests without the addition of an appropriate clause or addendum conditioning the Contract offer upon a determination that Buyer's intended use of the Property will be permitted.
3. COVENANTS AND RESTRICTIONS: A majority of homes, whether new or re-sale, located in a subdivision are subject to certain restrictions applicable to the use of the Property as well as the construction of certain improvements to the Property referred to as covenants. In the case of Property subject to a Homeowners Association or Condominium Association, the covenants are contained in a Declaration of Covenants and Restrictions as well as the Bylaws of the Association. However, other properties may be subject to covenants as part of a voluntary Community Association or even with no association. Seller Acknowledges:

- **4. PRIVATE AGREEMENTS:** Some Property may be subject to agreements, covenants or restrictions relating to the cost of certain maintenance items, restricting the use of properties or dealing with other matters. For example, properties sharing a driveway are often subject to such agreements. These private agreements do not fall within the required disclosures of HOA or condominium laws and may or may not be recorded. Buyer should make inquiries of Seller prior to or at the time of contract.
- **5. EQUAL HOUSING OPPORTUNITY:** A REALTOR is required by federal, state and local law, and the Code of Ethics of the National Association of REALTORS to treat all parties in a non-discriminatory manner without regard to race, color, religion, sex, familial status, national origin, marital status, sexual orientation, gender identity, disability, source of income, or other protected classifications under Fair Housing Laws.
- 6. SETTLEMENT: All persons to be in title and/or responsible where a mortgage is to be created should be present at the time of settlement and may be required to provide proper identification. Buyer should establish gas, electric and water service in Buyer's name commencing the day of settlement. Buyer should be prepared at the time of settlement to pay the settlement costs and the balance due under the Contract. Buyer must provide for amounts to be paid at settlement in acceptable form (cash, wired funds, bank check or certified check) to meet title company guidelines. In some cases, Seller may be required to provide funds in excess of any sales proceeds in order for settlement to occur, in which event, Seller also should be prepared to make payment in an approved form. Any party uncertain of the amount required at settlement, or approved methods to pay, should make inquiry of the title company or settlement attorney prior to settlement.
- 7. MORTGAGE REQUIREMENTS: Buyer acknowledges that, as a condition of obtaining a mortgage loan, lenders may require proof of hazard insurance coverage and may also require flood insurance coverage. Depending upon the type of mortgage applied for by Buyer, lenders may require certain certifications that relate to a Property or require inspections/appraisals that certify that a Property is free of specific hazards or conditions.
- 8. BWI AIRPORT NOTICE: Some properties may be located in the Baltimore/Washington International Airport Noise Zone. A Buyer desiring to obtain a copy of Noise Zone Maps may do so by calling the Office of Noise, Real Estate and Land Use Compatibility at 410-859-7375 or visit <a href="https://marylandaviation.com/environmental/bwi-marshall-noise-zone/">https://marylandaviation.com/environmental/bwi-marshall-noise-zone/</a> for more information. Information regarding the location of other airports and their operations may be obtained by calling the local zoning office for the area in which the Property is located.
- 9. ENVIRONMENTAL CONSIDERATIONS; HAZARDOUS MATERIALS: There are many hazardous materials that could affect a Property. The Brokers and their agents will generally have no knowledge of these hazardous materials and do not have the technical expertise to ascertain or advise you of the presence or significance of these hazardous materials. Buyer has the right to request, as a condition of an offer and, subject to acceptance by the Seller, the employment of a specialist of Buyer's choice to provide an analysis of hazardous materials which may be present.

Hazardous materials inside a property can include, but are not limited to, fire retardant treated plywood (FRT), asbestos, aluminum wiring, radon, polybutylene pipe (PB), lead paint, petroleum products, lawn and garden chemicals and indoor air pollutants that can accumulate. Hazardous materials outside the home can include, but are limited to, those found in contaminated land, water, landfills and other disposal sites, industrial air and water emissions, radiation from high tension wires, and those which may be present in underground storage tanks.

The MDE website can be accessed at http://www.mde.maryland.gov.

NOTE: This notice does <u>not</u> apply to: (1) the initial sale of single family residential property which has never been occupied, or for which a certificate of occupancy has been issued within one year prior to the date of the Contract; (2) a transfer that is exempt from the transfer tax under Subsection 13-207 of the Tax-Property Article, except land installments contracts of sale under Subsection 13-207(a)(11) of the Tax-Property Article and options to purchase real property under Subsection 13-207(a)(12) of the Tax-Property Article; (3) a sale by a lender or an affiliate or subsidiary of a lender that acquired the real property by foreclosure or deed in lieu of foreclosure; (4) a sheriff's sale, tax sale, or sale by foreclosure, partition or by court appointed trustee; (5) a transfer by a fiduciary in the course of the administration of a decedent's estate, guardianship, conservatorship, or trust; (6) a transfer of single family residential real property to be converted by the buyer into a use other than residential use or to be demolished; or (7) a sale of unimproved real property.

Section 10-702 of the Real Property Article of the Annotated Code of Maryland ("Section 10-702") requires that a seller of a single family residential property ("the property") deliver to each buyer, on or before entering into a contract of sale, on a form published and prepared by the Maryland Real Estate Commission, **EITHER:**

You are hereby notified that, in certain circumstances, you have the right to rescind your contract with the seller if the seller fails to deliver to you the written property condition disclosure or disclaimer statement. Your rights as a buyer under Section 10-702 may not be waived in the contract and any attempted waiver is void. Your rights as the buyer to terminate the contract under Section 10-702 are waived conclusively if not exercised before:

### Consumer Notice to Buyers of Residential Real Estate in Maryland (Include with Exclusive Buyer/Tenant Representation Agreement)

Buyers of residential real estate in Maryland are advised to inquire about the following items:

COVENANTS RUNNING WITH THE LAND: Covenants running with the land are agreements that stipulate that ownership of the land cannot be transferred unless the new owner agrees to continue to abide by the covenants. They cannot be separated from the land and transfer with it. For example, an individual might own property subject to a covenant that requires the property to be used for charitable purposes only. A buyer who purchases the property must agree to use the property for charitable purposes

DEED RESTRICTIONS: Deed restrictions are provisions in a deed that limit the use of the property. With some exceptions, deed restrictions cannot be removed by the new owner.

EASEMENTS: An easement is a right, privilege, or interest that one party has in the land of another. There are many types of easements, including, conservation easements, utility easements, gas line easements, and power line easements. Easements may be in property deeds or title papers, and are part and parcel of the land they affect.

LEASES: A lease is any agreement that gives rise to a landlord/tenant relationship. Unless otherwise specified in the lease agreement, the buyer of a property occupied by a tenant under a lease is bound by the conditions and terms of the lease.

ONSITE SEWAGE DISPOSAL SYSTEMS (OSDS) WITH BEST AVAILABLE TECHNOLOGY (BAT): An OSDS is a wastewater treatment system that discharges the treated effluent into the ground. An OSDS with best available technology reduces nitrogen levels. If an OSDS system with BAT is installed on the property, Seller may have used state funds to purchase the system. If state funds were used to purchase the system, the property may be encumbered by an easement that obligates the owner of the property to comply with certain requirements such as maintaining the system and allowing the Maryland Department of the Environment and the county/city in which the property is located to inspect the system. Buyer is advised to inquire about the terms under which an OSDS system with BAT was installed on the property and check with the appropriate city/county agency.

PROPANE TANKS: Propane is a source of energy that is used for heating homes and water, cooking and refrigerating food, drying clothes, and fueling gas fireplaces and barbecue grills. Propane tanks may be owned or leased. If a propane tank is installed on the property, Buyer is advised to inquire about the terms under which the propane tank was installed, how to transfer the ownership or lease, and any costs associated with the transfer.

HOME SECURITY SYSTEMS THAT RECORD AUDIO: Buyer is advised that Maryland law prohibits audio recording of private conversations without the consent of all parties.

SOLAR PANELS: Solar panels are devices that convert light into electricity. If solar panels are installed on the property, Buyer is advised to inquire about the terms under which the solar panels were installed, how to transfer the ownership or lease, and any costs associated with the transfer.

WIRE FRAUD THROUGH EMAIL: Buyer is advised to never trust wiring instructions sent via email. Cyber criminals are hacking email accounts and sending emails with fake wiring instructions. These emails are convincing and sophisticated. Buyer should always independently confirm wiring instructions in person or via a telephone call to a trusted and verified phone number. Buyer should never wire money without double-checking that the wiring instructions are correct.

DEPOSIT HELD BY ESCROW AGENT: Buyer is advised that an escrow agent, other than a Maryland licensed real estate broker, is not subject to the same legal requirements that Maryland licensed real estate brokers are under the Maryland Real Estate Brokers Act concerning the holding and the release of deposit monies. If the deposit is going to held by a third party other than by a Maryland licensed real estate broker involved in the transaction, the parties are required to enter into a separate written escrow agreement, binding upon the parties and the escrow agent that complies with Section 10-802 of the Real Property Article, Annotated Code of Maryland.

SMOKE ALARMS: Buyer is notified that there were changes in Maryland law regarding smoke alarms and smoke detectors (Section 9-101 et seq. of the Public Safety Article, Annotated Code of Maryland). The type of smoke alarm required in a dwelling depends upon the age of the property. As of January 1, 2018, among other changes, no alarm-battery powered or hard-wiredmay be older than 10 years from the date of manufacture, and if battery powered, be sealed, tamper resistant units incorporating a silence/hush button, which use long-life batteries. There are penalties for non-compliance. Additionally, some jurisdictions have more stringent rules for new construction or for rentals. Buyer is advised to inquire about smoke alarm compliance. Buyer may

view the smoke alarm requirements at: <a href="http://mgaleg.maryland.gov/mgawebsite/Laws/StatuteText?article=gps&section=9-101&enactments=false">http://mgaleg.maryland.gov/mgawebsite/Laws/StatuteText?article=gps&section=9-101&enactments=false</a>. Buyer may contact the local fire marshal to obtain additional information about the smoke alarm law.

CONDOMINIUM/HOA RESERVE STUDY: A Reserve Study is a long-term capital budgeting tool that a condominium/HOA uses to determine the amount of money it should set aside in its Reserve Fund for replacement, repair, or restoration of common areas. The Reserve Fund is financed by collecting condominium dues, HOA fees, or special assessments. Buyer is advised to pay close attention to the reserve study report of a condominium/HOA as an underfunded Reserve Fund may result in a future increase of condominium dues, HOA fees, or the imposition of special assessments upon Buyer.

### STATE OF MARYLAND REAL ESTATE COMMISSION

### **Consent for Dual Agency**

(In this form, the word "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease")

### When Dual Agency May Occur

The possibility of Dual Agency arises when:

- 1) The buyer is interested in a property listed by a real estate broker; and
- 2) The seller's agent and the buyer's agent are affiliated with the same real estate broker.

### Important Considerations Before Making a Decision About Dual Agency

A broker or broker's designee, acting as a dual agent does not exclusively represent either the seller or buyer; there may be a conflict of interest because the interests of the seller and buyer may be different or adverse. As a dual agent, the real estate broker does not owe undivided loyalty to either the seller or buyer.

Before the buyer and seller can proceed to be represented by a broker acting as a dual agent, they must both sign Consent for Dual Agency. If the buyer has previously signed Consent for Dual Agency, the buyer must affirm the buyer's consent for the purchase of a particular property before an offer to purchase is presented to the seller. If the seller has previously signed Consent for Dual Agency, the seller must affirm the seller's consent for the sale of the property to a particular buyer before accepting an offer to purchase the property. The affirmation is contained on Page 2 of this form.

### Your Choices Concerning Dual Agency

In a possible dual agency situation, the buyer and seller have the following options:

- 1. Consent in writing to dual agency. If all parties consent in writing, the real estate broker or the broker's designee (the "dual agent") shall assign one real estate agent affiliated with the broker to represent the seller (the seller's "intra-company agent") and another agent affiliated with the broker to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategy.
- 2. Refuse to consent to dual agency. If either party refuses to consent in writing to dual agency, the real estate broker must terminate the brokerage relationship for that particular property with the buyer, the seller, or both. If the seller terminates the brokerage agreement, the seller must then either represent him or herself or arrange to be represented by another real estate company. If the buyer terminates the brokerage agreement, the buyer may choose not to be represented but simply to receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company. Alternatively, the buyer may choose to enter into a written buyer agency agreement with a different broker/company.

### **Duties of a Dual Agent and Intra-Company Agent**

Like other agents, unless the client gives consent to disclose the information, dual agents and intra-company agents must keep confidential information about a client's bargaining position or motivations. For example, without written consent of the client, a dual agent or intra-company agent may not disclose to the other party, or the other party's agent:

- 1) Anything the client asks to be kept confidential; \*
- 2) That the seller would accept a lower price or other terms;
- 3) That the buyer would accept a higher price or other terms;
- The reasons why a party wants to sell or buy, or that a party needs to sell or buy quickly; or 4)
- 5) Anything that relates to the negotiating strategy of a party.
- \* Dual agents and intra-company agents must disclose material facts about a property to all parties.

### How Dual Agents Are Paid
